

Medicare Information

Dear Medicare Recipient,

2011

A few things to share with you regarding your Medicare coverage:

- Medicare pays at 80% after we do a contract write off. You may have a copayment due after Medicare has processed your services.
- Supplies are not a covered item and will not be paid for by Medicare.
- There is a \$162 annual deductible for 2011
- \$1870.00 Therapy CAP/LIMIT - see below for more detail

CAP/LIMIT: Medicare has reinstated their annual therapy cap for 2011. Medicare now allows \$1870.00 per year of their allowed fee schedule; this will include the 20% that is secondary or patient responsibility. When this cap is met, and therapy is still deemed medically necessary, you will have the option to pay out-of-pocket for your services or transfer and receive therapy services in an outpatient HOSPITAL setting.

This CAP/LIMIT is for Speech and Physical Therapy combined.

Occupational Therapy also has a CAP/LIMIT of \$1870.00.

We value your patronage to our family of services and will work with you to see that you receive the therapy you need. We want to see you get the maximum therapy necessary for your healing and recovery.
